

GrowCamp Growing Methods

Soil in the raised bed

The 120cm x 120cm raised bed contains 650 litres of soil

- This provides the opportunity to grow root vegetables.
- Acts as a foundation, keeping the GrowCamp stable.
- Provides greater cultivation area.

GrowTray

For pots and seed trays

- Especially suitable for germinating.
- Comes with a fibre mat, which gives a capillary effect watering.
- Contains 1.5 litres of water.
- Can be suspended from the top tubes or the bed sides as down below.
- 114cm long x 38cm wide. Made from UV protected plastic.

FC4276 GrowTray plantebakker

GrowTrough

Contains about 50 liters of soil

- Suitable for flowers.
- Suitable for surface growing vegetables.
- Can easily be lifted out, for relocation of the GrowCamp.
- Has drainage hole for excess water.
- 121cm long x 37cm wide x 15cm deep.
- Made from galvanized steel.
